SUBJECT: PARAGUAY ON UNSC RESOLUTION 1695

REF: STATE 146316

MFA Director of International Organizations Terami Matsuo assured PolCouns on September 19 that Paraguay shared U.S. concerns as relate to North Korea's ballistic missile program and its proliferation activities. PolCouns stressed the importance the U.S. attaches to UNSRC's requirement that all States prevent the transfer of any financial resources to North Korea in connection with these activities. Matsuo advised PolCouns she would take this matter up with other relevant GOP officials attending to financial issues.
